

# Diana Evans

Highly skilled Software Developer with 5 years of experience in full-stack development, specializing in building scalable web applications. Proven ability to lead projects from conception to deployment.

## Education

Master of Science  
Stanford  
University | 2020

## Technical Skills

Programming  
Languages: Java,  
Python,  
JavaScript,  
TypeScript.  
Frameworks:  
Spring Boot,  
Django, React,  
Express.js.  
Databases:  
PostgreSQL,  
MongoDB. Cloud:  
AWS (EC2, S3,  
Lambda). DevOps:  
Docker,  
Kubernetes,  
CI/CD.

## Certifications

AWS Certified  
Solutions  
Architect

## Experience

5 years of experience in software development, focusing on backend systems and cloud services. Delivered several key projects on time and within budget.

Senior Software Engineer, TechCorp (2022-Present):  
Led a team of 4 developers in migrating a monolithic application to a microservices architecture using Spring Boot and AWS. Achieved a 30% performance improvement.

## Projects

E-commerce Platform: Developed a full-featured e-commerce site using React and Node.js with a MongoDB backend. Implemented a secure payment gateway and user authentication.

Contributor to Express.js: Made several performance optimizations and bug fixes to the popular Node.js web framework.
